# Draw a comic strip!

Read chapter 4 (page 50) and draw a comic strip illustrating what happens in the story.

A large white area with black outlines, divided into six panels for drawing a comic strip. The panels are arranged in two rows. The top row has three panels: a large square on the left, a square on the right, and a square in the middle. The middle square is split diagonally from the top-left to the bottom-right. The bottom row has two wide panels: a long horizontal rectangle on the left and a square on the right.

# Make a video!

When Chester discovers he can mind jump, he becomes an instant hit on his sister Amy's YouTube channel. Imagine Amy has asked you to feature on her channel. In the space below, plan your own video. What will you say in the video, and where will you film it? Do you need any props or costumes?

After you have planned your video, try filming it using a camera or phone.

A large white rectangular area with a black border, containing ten horizontal dotted lines for writing.
